

Bold Vets made it fifteen out of fifteen league victories with a hard fought victory at Parkfield Road. Bedworth could only muster up 12 players on the day and without a recognised front row the game had to be played with uncontested scrums throughout. The home side agreed to lend the opposition three of their substitutes to ensure a fair contest ensued.

Unfortunately, Bold were not banking on those three loaned team mates playing out of their skins and contributing to a spirited effort from the visitors who managed to keep within striking distance of their table topping hosts for most of this contest. Lloyd maintained his relentless pursuit of top try scorer James with another brace which brings his total for the season to 13, within 6 scores of his centre colleague. Macloud also added a brace to continue his recent rich vein of form, with singles added by Spooky, Damo and Ryan.

Bold's penultimate try was a cracker and will probably rank as one of the scores of the season. From a quick taken penalty, James and Dicey pulled off a textbook move which included a majestic loop around and swift offload to Spooky with deft hands to Macloud who thundered down the right wing bouncing off 2 attempted tackles to dot down in the corner. This score proved to be decisive as Bedworth were still within striking distance at that point and effectively killed off their stubborn resistance.

Special mention must go to Frankie, Sam and Joe Facer who agreed to play for the opposition and proved themselves throughout. Also thanks to Spot for agreeing to referee at the last minute and who did a great job

With three more league games remaining and home and away fixtures with second place Manor Park, Bold are determined to keep their unbeaten record in tact. This Saturday's challenge will be equally tough with a friendly fixture against local rivals Old Laurentians at Parkfield Road for a 1pm kick-off
